Form No. 1

THIS CASE ORIGINATED AT

NEW YORK

REPORT MADE AT PHILADELPHIA	DATE WHEN MADE 10/26/52	PERIOD FOR WHICH MADE 10/27/52	REPORT MADE BY W. JAMES WOOD (AKY)
TITLE UNKNOWN SUBJECT; Unknown Consultant at Aswan Dam, Egypt, 1946-1949			CHARACTER OF CASE ESPIONAGE - R

SYNOPSIS OF FACTS:

DAVID GREENGLASS reinterviewed at USP, Lewisburg, Pa. Now recalls first heard of unknown consultant in latter 1948 or early 1949, shortly before RUTH GREENGLASS hurt her leg. Does not now recall JULIUS ROSENBERG saying consultant made \$200.00 per day, but is definite in stating JULIUS told him this man had just returned to U. S. from Egypt. DAVID GREENGLASS now recalls that shortly prior to time he first borrowed money from JULIUS, which presumably came from contact, JULIUS left Pitt Fachine Products, Inc., to meet some man who had called him on the phone. DAVID made efforts to see this man, but was unsuccessful and has no information as to his identity. Agrees that meeting with MIKE SIDOROVICH was on 7/2/48. Is certain that he received \$200.00 from JULIUS LEWIS and \$800.00 from JULIUS ROSENBERG at about the same time, June 1948, because he recalls feeling of elation at having \$1000.00 and is certain he had this entire \$1000.00 prior to JULIUS LEWIS' death.

DETAILS: At Lewisburg, Pa.

DAVID GREENGLASS was reinterviewed at the U. S. Penitentiary concerning his recollection of the unknown consultant friend of JULIUS ROSENBERG and of the receipt of \$800.00 from JULIUS ROSENBERG, with particular reference to the visit of MIKE SIDOROVICH. Information received from RUTH and BERNARD GREENGLASS was made known to DAVID GREENGLASS as an aid in refreshing his recollection of pertinent events.

He stated that his original statement to the effect that he had first heard of the unknown consultant in March 1949, was in error, and that it is his recollection, with information now furnished by RUTH GREENGLASS, that he first heard of this individual in the latter part of 1948 or early 1949. He recalled that it was shortly before his wife, RUTH GREENGLASS, had an accident in which she cut her leg, and now recalls that this incident occurred in February 1949, as stated by RUTH GREENGLASS. He also recalled that at that time he had secured \$60.00 from JULIUS, which JULIUS had apparently obtained from the unknown consultant.

DAVID GREENGLASS also agreed with RUTH GREENGLASS' statements as to the death of his father in March 1949 and JULIUS ROSENBERG's having paid money for their share of the burial plot. He also remembered that JULIUS had indicated that the money he paid for the burial plot was not a loan, since JULIUS had a friend who was staking him and would not demand the repayment of the money.

DAVID GREENGLASS also stated that he does not now specifically recall that JULIUS ROSENBERG told him that the unknown consultant made \$200.00 per day, but he does definitely recall that JULIUS told him that the man was a consultant on a dam in Egypt, that JULIUS specifically stated that this man had just recently come back to the United States from a trip to Egypt, and that he, DAVID, got the impression that this individual had flown back from Egypt, although he now states that he cannot recall anything specific in this regard, and that he may have been mistaken in the impression that the man had flown back to the United States from Egypt. He reiterated his certainty that JULIUS had specifically commented on this consultant's having recently returned from a trip to Egypt.

DAVID GREENGLASS agreed with RUTH GREENGLASS' impression that the man was a contact of JULIUS', and not a Russian, and DAVID GREENGLASS recalled that JULIUS had specifically stated that this man was a contact. DAVID GREENGLASS also said that it was his impression that the man was not a Russian, and was either a native-born or naturalized citizen of the United States. He also recalled that when JULIUS spoke of his Russian friends he specifically referred to them as "Russian friends" and that he did not so refer to this consultant.

DAVID GREENGLASS stated that his impression or recollection that this consultant had reportedly been paid \$200.00 a day may have been in error, that if JULIUS had told him that the man made \$200.00 per day he is certain he would have advised RUTH GREENGLASS of same, and that RUTH GREENGLASS has a better recollection of past events than he, DAVID GREENGLASS, does.

DAVID GREENGLASS stated that he now recalls a cold, dry day in New York City when he and JULIUS were at Pitt Machine Products, Inc. He recalled that there was no snow on the ground, but that it was bitter cold, and the windows in the plant were all steamed up. He remembered that JULIUS had received a telephone call at the plant from some man asking JULIUS to meet him, that he mentioned he was going to meet someone and DAVID GREENGLASS followed him to the door, curious to see who he was going to meet and where he was going. He stated, however, that at the door JULIUS specifically told him to go back into the building and stay inside. DAVID GREENGLASS was curious as to the identity of this person JULIUS was going to meet and recalls seeing JULIUS walk toward the luncheonette on the corner of Houston Street and Avenue C. He said that he was afraid that JULIUS would turn around and see him watching, and that he accordingly went back into the plant without seeing the person JULIUS was apparently going to meet.

He said that about ten minutes after JULIUS left the plant on that occasion he, DAVID, walked from the plant to the luncheonette, hoping to get a glimpse of the person JULIUS apparently planned to meet there, but that neither JULIUS nor the man he was to meet was at the luncheonette or on the corner at that time. He stated that JULIUS had apparently gone off with this man as he did not return to the plant on that day. He recalled asking JULIUS about the man when JULIUS returned to work.

PH 65-4371

on the following day, but said that JULIUS gave him an evasive answer and gave him no indication as to who the man might have been. DAVID said that he does not know whether this man might have been identical with the unknown consultant. He was unable to advise as to the date of this occurrence, but said it is his present recollection that this occurred about two weeks prior to the time he obtained money from JULIUS which had presumably come from the unknown consultant, and probably at about the same time or possibly shortly after RUTH hurt her leg.

Concerning JULIUS ROSENBERG's meeting with MIKE SIDOROVICH, he stated that the date of this occurrence was, as stated by RUTH GREENGLASS, July 2, 1948. He recalls that SIDOROVICH drove his car up to the front of Pitt Products, Inc., and got out, coming into the place. He stated he was on vacation and DAVID asked him whether his wife was with him. SIDOROVICH replied that she was with him, but was then with her mother. He asked for JULIUS ROSENBERG and DAVID told him that JULIUS was not around. DAVID showed SIDOROVICH around the shop and remembers introducing BERNARD GREENGLASS to SIDOROVICH, and that the three of them went to the luncheonette on the corner for a drink. SIDOROVICH told DAVID that he was working for some steam boiler company in Cleveland, Ohio, and DAVID said that it is his recollection that the name of this place was Wilcox and Gibbs, or something similar.

DAVID said that RUTH is mistaken in her belief that SIDOROVICH was then living at Chappaqua in that he specifically recalls SIDOROVICH mentioning his employment in Ohio. He said that he does not recall having told RUTH about SIDOROVICH's work or the place he was then residing.

DAVID said that SIDOROVICH did not meet JULIUS at the plant on that day, but that a few days later he mentioned to JULIUS that SIDOROVICH had been in, and JULIUS told him that he had seen SIDOROVICH.

Concerning the statement that RUTH advised that on February 21, 1948, her father fell and broke his hip, DAVID GREENGLASS stated that this was his, DAVID's father, and not RUTH's, but that RUTH refers to him as "Pop". He also agreed with RUTH's statement that on or about June 6, 1948, and shortly before his death, JULIUS LEWIS had given DAVID \$200.00. He recalled that it was at about the same time, i.e. June 1948, not June 1949, and not later in the summer, when he got the

\$800.00 from JULIUS ROSENBERG. He recalled that he had been feeling well satisfied with the world, having approximately \$1000.00 and that he had bought himself some new clothing. He recalled planning on going to a movie and then seeing JULIUS LEWIS, who looked at the time as if he were about to die. He recalled that this depressed him considerably and dampened his elation at having \$1000.00. He is certain that he received the \$200.00 and the \$800.00 at about the same time, and had the entire \$1000.00 shortly prior to JULIUS LEWIS' death. He also recalls that all during the summer of 1948, when RUTH was in Monticello on vacation, he kept taking \$20.00 to \$40.00 from their safe deposit box to give to RUTH to use while on vacation and feels certain that he did not obtain the \$800.00 after JULIUS LEWIS' death.

Concerning BERNARD GREENGLASS' statement that JULIUS ROSENBERG had stated that the money he borrowed from his friend had to be repaid, DAVID said that JULIUS would tell BERNARD this, whether or not it was true, inasmuch as he would never mention any "contact" to BERNARD and would not admit to BERNARD that he had a source for funds which he would not have to repay. He also said that if the consultant or contact were a widely known engineer or prominent person, JULIUS would not make this fact known to BERNARD and because the money had been received from a contact, which fact he would not want known to BERNARD, JULIUS would "play down" the source of the money and treat it in an off-hand manner.

GREENGLASS was questioned at length for other information which might be of assistance in identifying the unknown subject, but could furnish no additional information.

Rebutel 2-11-53, entitled "Julius Rosenberg et al, Esp - R".

On February 12, 1953, SA JAMES E. GILLEY and the writer interviewed Mr. ATWELL T. SHARPE, Custodian of the apartment building at 1225 East 124th Street in which captioned subjects are tenants. He advised that subsequent to the original contact with him by Agents of this office he has been on the alert for possibility of flight or other suspicious actions on the part of the subjects. He added that had he observed anything out of the ordinary he would have immediately notified this office. He stated that he will continue to observe subjects as in the past. SHARPE related that although he works on rotating shifts at the American Steel and Wire Company, Harvard works, nevertheless another married couple resides with him and he has requested them to spot check the SIDOROVICHES when he is absent from the premises and to call our office when anything suspicious appears to occur. He added that the SIDOROVICHES have spent considerable time, money and effort in renovating their apartment which would tend to indicate that subjects intend to remain indefinitely, however, he commented that their actions could just be a "front".

The writer later contacted Mr. K. W. STUCKY, President, Gas Machinery Company, where MICHAEL SIDOROVICH is employed, and requested him to immediately notify the office in the event MICHAEL SIDOROVICH does not report to work. He was requested to do this for at least a week or so. Mr. STUCKY, who has been very cooperative in the past, stated he would take the necessary steps to insure that our office would be notified if such a contingency occurs.

These instructions were dispatched by the writer to the above Cleveland agents who acknowledged same.

At approximately 2:30 PM SA ALLISON again contacted this office to advise that subject car ~~XXX~~ entered the Pennsylvania turnpike at approximately 2:27PM. ALLISON was advised that Cleveland Car #124 was proceeding to the western entrance to the turnpike and would be able to receive the Pittsburgh cars on Cleveland's alternate frequency. ALLISON was advised to instruct the Pittsburgh agents to contact CV-124, following which contact arrangements could be made for transfer of subject car from Pittsburgh to Cleveland agents. ALLISON acknowledged his understanding and acceptance of these arrangements and it was agreed that no further contact would be made between the Pittsburgh and Cleveland offices regarding instant matter except in the event of unusual circumstances.

[REDACTED] b7D

SALLY BAUER, daughter of SOL A. BAUER, sculptor, 3614 Tolland, Shaker Heights, Ohio. She is taking a design course at Yale University but is home for the summer vacation.

[REDACTED] b2D

ANTON REFREGIER, of New York City, who was the guest of honor. He was then in Cleveland teaching a special art course at the Cleveland Institute of Art.

[REDACTED] b7D

The main purpose of the meeting was to show black and white films of a mural in the Main San Francisco Post Office, which was painted by REFREGIER in about 1947 or 1948. The operator of the motion picture projector (name unknown) did not arrive until about 10:00 or 10:30 PM. He was introduced by MORT EPSTEIN who appeared to be in charge of the meeting. In the introduction MORT EPSTEIN stated that in order to get a man to operate the projector he had to agree to let the man say a few words about the ROSENBERG case. The operator spoke for about ten minutes and urged those present to send letters to the President appealing for clemency for JULIUS and ETHEL ROSENBERG. He stated there was insufficient evidence to convict them and some of the best attorneys in the United States agreed with this point of view. He solicited contributions for the defense of the ROSENBERGS and one individual in the rear of the room passed forward a \$10 bill, but informant did not observe the individual who gave the contribution.

The film was then shown and it was noted that the sprocket perforation strip was torn in several places and the film appeared to be badly worn as if it had been used a great deal.

MEMO, SAC

REFREGIER gave a running commentary as the film was shown and explained that the mural he had painted had been criticized by many individuals for not giving an accurate picture of the history of California. REFREGIER, of course, defended his mural. As seen in the film, the mural contained scenes of anti-labor riots, massacre of the Indians by the Whites, and the murdering of Chinese. Nothing complimentary to the history of California was observed in the mural and the whole impression one received was unpleasant, according to the informant.

REFREGIER asked those attending to write to the President of the United States to save his mural from removal from the Post Office.

Identifying data concerning some of the above individuals are set out below:

- 1) MORT EPSTEIN. Member of Cleveland Council of Arts, Sciences and Professions, October 17, 1952, per [REDACTED] b7D
- 2) JENNIE DIMERSTEIN. Treasurer of Cleveland Council of ASP, 1952, per [REDACTED] January 24, 1953. b7D

1950, advised he had employed MICHAEL SIDOROVICH as a field survey helper and rod man from April 7 to June 10, 1950. (SIDOROVICH is an alleged principal in the JULIUS ROSENBERG espionage network, CV-65-2728)

BAUER advised the Cleveland FBI office on August 25, 1950, that he had been the recipient of some CP literature in the past but had written the Party office requesting his name be taken off the mailing list.

8) ANTON REFREGIER. On January 7, 1950, and March 31, 1950, respectively, [REDACTED] and [REDACTED] advised ANTON REFREGIER was an instructor in art classes of the Jefferson School of Social Science in New York City during the winter and spring of 1949-1950. This school has been cited by the Attorney General as coming within the purview of Executive Order 9835. The report of the House Committee on Un-American Activities, dated 1938-42, which is commonly known as the Dies Committee report, reflects on page 546 that ANTON REFREGIER was one of a group of members of the JOHN REED Club who established an art school at the Art Institute in Chicago, Illinois, and a branch in New York City. b7D

The purpose of this school, according to the report, was to " . . . produce revolutionary art as well as revolutionary artists."

Page 580 of the report reflects REFREGIER was an instructor at the John Reed School of Art in New York City, during 1938; and on page 558, information is set out indicating REFREGIER's activities in the school date back to 1930.

MEMO, SAC

A summer school descriptive folder of the Cleveland Institute of Art for 1953 indicates that ANTON REFREGIER, Guest Artist from Woodstock, New York, taught a course, S-221, in Painting and Composition for a 2-week period in a pre-summer term from June 1-12, 1953. Class hours daily were from 9-12 AM or 9:15 AM to 4:00 PM.

A [REDACTED] was made by SA R. BERT CARTER to the Cleveland Institute of Art, 11441 Juniper, Cleveland, Ohio, on June 20, 1953, and it was ascertained that REFREGIER is not scheduled to teach any more courses at the school during the summer or fall of 1953. b7E

There is no SID MORGENSTERN listed in the Cleveland City or Telephone Directories or with the telephone information operator at Cleveland. The only MORGENSTERN listed on Meadowbrook is one ELLIOTT MORGENSTERN, 4044 Meadowbrook, telephone FA 1-3661, University Heights, Ohio. Two lines of the phone are maintained at this residence.

In disseminating the above information, care should be taken to appropriately paraphrase it so as not to reveal the identity of the informant.

FEDERAL TELECOMMUNICATION LABORATORIES,
INC., NUTLEY, N. J.

RE: ANNE HANUSIAK SIDOROVICH-920

This project is being handled as a Special by the New York and Newark Offices in accordance with Bureau instructions.

The individual whose name is listed above is the subject of a CIC dossier. There may also be listed herein the name of this subject's relatives, references or associates. A review of CIC dossier and/or Newark files discloses that this individual has either worked or resided in your territory.

It is imperative that this office be advised immediately of any pertinent derogatory information of a subversive nature which is contained in your files on this individual or individuals.

You are requested to answer by return mail if your indices contain any reference to this individual in addition to that which is stated below and with particular reference to associations at Fort Monmouth, N. J.

The files of the Newark Office reflect that ANNE SIDOROVICH is the subject of an Espionage-R investigation in the Cleveland Office.

According to testimony given by DAVID and RUTH GREENGLASS at the trial of JULIUS and ETHEL ROSENBERG, ANNE SIDOROVICH was the person originally designated by JULIUS ROSENBERG to meet with the GREENGLASSES in order to obtain the atomic bomb data which DAVID had collected. A thumb-nail sketch will suffice.

Re: MICHAEL ALEXANDER SIDOROVICH
ANNE HANUSIAK SIDOROVICH

Reurlet 9-8 and 9-23-53.

Pelets pointed out that Newark desired any information regarding above subjects regarding their associations at Fort Monmouth. The SIDOROVICHs have been identified as members of the ROSENBERG espionage parallel. In connection with the latter ALFRED SARANT (Albany origin), JOEL BARR and VIVIAN GLASSMAN (New York origin) have also been identified as members of the ROSENBERG ring. It should be noted that SARANT, BARR and GLASSMAN were previously employed at Fort Monmouth. The SIDOROVICHs have been exhibited photographs of SARANT, BARR and GLASSMAN and steadfastly deny that they know them.

The Cleveland Office is not aware of scope of captioned investigation and in event Newark Office desires further information concerning the SIDOROVICHs, they should so advise this office.

PAUL ELISHA WILLIAMS
SECURITY MATTER - C
(Bufile 100-127893)
OO - Cincinnati

Relet from New York to Director, dated 9-14-53.

MR. LESTER M. ANDERSON, Chief, Accessories Section, Special Projects Branch, Aircraft Laboratory, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio advised that he recalled PAUL E. WILLIAMS as a fellow employee. He stated that WILLIAMS did not work under his supervision but that he and WILLIAMS worked together. His knowledge of WILLIAMS is limited to WILLIAMS' period of employment at this Base. He never associated with WILLIAMS socially and he could not furnish the name of any of WILLIAMS' associates.

MR. ANDERSON further advised that WILLIAMS has been a good worker and qualified for the type of work he was doing at this Base. He described WILLIAMS as an "individualist" and he explained this by saying that WILLIAMS worked alone and he, WILLIAMS, did not seek the advice of his fellow workers. He stated that WILLIAMS did not discuss his background to any extent and that he knew very little about WILLIAMS' background. He did recall that WILLIAMS had told him that he had flown in the Spanish Revolution and as a result of this he had been wounded. ANDERSON was of the opinion that WILLIAMS had been born in New York City and that his father had been a policeman in that City. He also stated that he had the idea that WILLIAMS had spent some of his life in Youngstown, Ohio with his folks.

MR. ANDERSON stated that he never observed WILLIAMS act in any manner which caused him to become suspicious of WILLIAMS. He said that WILLIAMS was a regular worker and was seldom away from the job.

When WILLIAMS left the Base, ANDERSON understood that he was going to work for a private contractor as a draftsman but he did not recall the name of the contractor. He heard that WILLIAMS resigned from his employment at the Base because he had mis-represented himself when he completed his Application for Federal Employment. This mis-representation consisted of stating that he had attended certain schools when in fact he had not attended them. When questioned about this matter WILLIAMS just left work one day and never returned. ANDERSON stated that he heard at a later date that WILLIAMS had cleared up this matter with the United States Government.

He further advised that approximately two years ago he had seen WILLIAMS at the Dayton Municipal Airport at which time WILLIAMS advised him that he is an instructor at some University in Washington, D. C. but he could not recall the name of this University. He is of the opinion that it was a Catholic University in Washington, D. C. He could not furnish any exact address for WILLIAMS at the present time nor could he furnish the names of anyone who might know WILLIAMS' present whereabouts.

MR. ANDERSON stated that during WILLIAMS' employment at this Base he performed the following duties:

He worked on a continuous project to develop, test, and standardize aircraft nuts, bolts, screws, pins, and washers. He would represent the Air Materiel Command in their contacts with industry, the purpose of which is to guide industry in the improvement of aircraft utility parts for military purposes. For example, contact bolt and self-locking nut manufacturers to give them engineering advice and to explain to them the Air Force requirements and to guide them in their development work. He would write specifications and standards which cover types of nuts, bolts, screws, washers, cotter pins, and similar utility parts used in United States Air Force planes and their associated equipment.

MR. ANDERSON pointed out that the above information was furnished from memory and that there was a possibility that an exact job description could be found in the employee's personnel file which is forwarded to St. Louis, Mo. when an employee terminates his government service. He stated that the majority of the work done in the section where WILLIAMS was employed was unclassified. He could not furnish any other information concerning WILLIAMS or his activities.

MR. JOSEPH W. EVANS, Assistant Chief, Accessories Section, Special Projects Branch, Aircraft Laboratory, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio advised that he recalled PAUL E. WILLIAMS as a fellow employee. He stated that he knew very little about his background and that he had associated with WILLIAMS on a very limited basis and that this was confined to duty hours at this Base. He furnished substantially the same information as to the information

available to WILLIAMS as had MR. LESTER M. ANDERSON. He did not know the present whereabouts of WILLIAMS.

MR. PAUL CARON, Pleasant Hill, Ohio advised an agent of the Cincinnati Office in 1951 that a colored man, later identified as PAUL WILLIAMS, had moved into a building on Main Street which used to be a hardware store. He stated that WILLIAMS appeared to be very secretive about what he was doing and that he had covered the windows with newspapers in an attempt to discourage anyone who might be interested in what was going on inside. MR. CARON exercising his prerogative as mayor, went to this place of business and found an airplane inside this building which had been moved in at night. WILLIAMS advised CARON that he was doing some experimental work for the United States Air Force and inquired of CARON as to the possibility of the Federal Government obtaining some land in the vicinity of Pleasant Hill, Ohio.

Subsequent investigation conducted at Wright-Patterson Air Force Base, Ohio revealed that WILLIAMS was not doing any experimental work for that Base and that he was not doing any research work for the Air Force. At this time CLARENCE E. LEWIS, an engineer and draftsman at the Aircraft Laboratory, advised that he has known PAUL ELISHA WILLIAMS for several years. LEWIS had worked for WILLIAMS in the housing construction business in Dayton, Ohio, at which time WILLIAMS and CARL HORST were working on a small airplane and were constructing this plane in a garage basement. It was his understanding that the plane was an experimental plane and was supposed to be built for personal use, embodying principles which would enable the plane to fly at the rate of 200 miles per hour and they hoped to sell the plane on the commercial market for less than \$1000. He advised that in general conversation with WILLIAMS in the past, WILLIAMS definitely gave the impression that he was very much in favor of the Russia and he thinks that WILLIAMS had in the past, attended several meetings of the Progressive Party.

MR. PAUL CARON, Pleasant Hill, Ohio was recontacted at which time he advised that he did not have any additional information to furnish. He stated that WILLIAMS had moved away from Pleasant Hill, Ohio about two years ago and that he did not leave a forwarding address. CARON is of the opinion that WILLIAMS moved to New York, New York at that time.

The following persons were contacted in an effort to ascertain the present whereabouts of PAUL E. WILLIAMS and all advised that they have not seen or heard from PAUL E. WILLIAMS in the past four years:

MR. W. D. MC LOUD, 1020 West Fifth Street, Dayton, Ohio
MR. WALLACE O. HAWKINS, 631 Randolph Street, Dayton, Ohio
DR. OWEN D. MC FALL, 838 West Fifth Street, Dayton, Ohio
MR. LLOYD E. LEWIS, 1126 West Fifth Street, Dayton, Ohio

CI 100-3198

MR. PAUL S. HARRIS, 515 South Summit Avenue, Dayton, Ohio advised that the last time he heard from PAUL E. WILLIAMS he was in Washington, D. C. but he could not furnish the names of WILLIAMS' employers or any residence address for WILLIAMS.

MRS. MABEL ADDIS, Supervisor, Credit Bureau of Dayton, Inc., 38 North Ludlow Street, Dayton, Ohio advised that the credit records of her office reflect the following information on PAUL E. WILLIAMS: Residence, 901 South Broadway, 2314 Lakeview, 1849 Ditzel, 1102 Dearborn, 2642 Pickering Avenue, all of Dayton, Ohio; employments, Wright Field, Dayton, Ohio, self-employed, 1118 West Fifth Street, Dayton and N & W Development Company, Dayton, Ohio. She stated that according to the credit record PAUL E. WILLIAMS has [REDACTED] b7c

MRS. MARILYN J. SPEYER, Clerk, Bureau of Identification, Dayton Police Department, Dayton, Ohio advised that the records of this department do not reflect an arrest record for PAUL E. WILLIAMS.

The St. Louis Office is requested to review the personnel file of PAUL E. WILLIAMS at the Federal Records Center and furnish the New York Office with any information contained therein as to the exact duties of PAUL E. WILLIAMS and the type of information he had access to while employed at Wright-Patterson Air Force Base, Ohio. Cincinnati files reflect WILLIAMS born June 17, 1909, Youngstown, Ohio, employed WP AFB, December 23, 1942 to January 15, 1947 as assistant aerial engineer. Social Security number 055-14-4457.

WFO requested to check credit, criminal and make inquiries at Catholic University to determine the present location of WILLIAMS.
